THE

INTERIM

A REPORT OF INTERIM ACTIVITY . . . MONTANA LEGISLATIVE COUNCIL . . . HELENA

AUGUST 1979

VOL. II, NO. 3

LEGISLATIVE COUNCIL

SESSION LAWS AND JOURNALS AVAILABLE

REMINDER: The Laws of Montana, 1979 (Session Laws) were mailed the week of July 22 to Legislators requesting them. In the June 1979 issue of The Interim you were notified that you would be sent a free copy of the Session Laws and/or the Journals upon request. If you have not notified the Legislative Council to date and you want a copy of the publications, an order blank is included with this issue for your convenience.

MEETING

The Legislative Council will meet on August 16 at 10:00 a.m. in the Council Conference room.

FIVE-STATE CONFERENCE SEPT. 9-11

Enclosed with this newsletter is a preliminary agenda for the Five-State Conference to be held in Helena. Legislators from North Dakota, South Dakota, Nebraska, Wyoming and Montana will discuss mutual problems and share views during the conference. Montana legislators participating on conference panels will be reimbursed for their expenses. It is hoped others will be able to attend as well. Registration fees for legislators are \$40, and for spouses \$10. Registration includes three meals.

DON'T FORGET!

CSG WESTERN CONFERENCE SEPT. 22-26

Council of State Governments Western Conference Annual Meeting in Helena September 22-26. At a recent meeting of the CSG Executive Committee in San Francisco the annual meeting was extended from four to five days and a new format approved. The meeting will focus on "Energy Issues in the West in the 1980's - Is There Really a Problem?" Tentative plans call for workshops on state-federal authority, transportation, and regulatory and environmental considerations as they relate to energy.

INTERIM COMMITTEES

ANNEXATION

The Study Committee on Annexation met for the first time in July and adopted a work plan for the study, reviewed past legislation relating to annexation laws, and established the scope of the study. The next meeting of the Committee will be October 5.

Several committee members will participate in a panel discussion of Montana's annexation laws at the Annual Convention of the Montana League of Cities and Towns in Bozeman, September 12-15.

CORRECTIONS COMMITTEE TO VISIT PRISON

The Study Committee on Corrections Policy and Facility Needs held its first meeting in July. The Committee will tour the facilities at the Montana State Prison in Deer Lodge and hear presentations concerning MSP needs and proposals on August 23. On August 24 the Committee will meet in Room 104 of the State Capitol, Helena, beginning at 9:00 a.m., to consider a progress report from the Department of Institutions concerning the development of a comprehensive plan for prison alternatives funded by the 46th Legislature and to receive the final report of the House Select Committee on Prisons.

FINANCIAL INSTITUTIONS BRANCHING

The Study Committee on Financial Institutions Branching held its first meeting on July 16. The Committee discussed a proposed study outline and directed the staff to begin compiling various laws and regulations that define the differences between banks, savings and loan associations, and credit unions. The next meeting will be held in September.

EFFECTS OF STATE-OWNED PROPERTY

The Committee appointed to study the effects of state mandates and state-owned property on local governments held its first meeting on July 30. The next meeting will be held on October 27. The Committee directed the staff to begin compiling information to assist the Committee in determining what problems local governments face when they are required to provide services to improved property that is owned by the state and is subsequently exempt from property taxation.

ENERGY
FORECASTING

The Study Committee on Energy Forecasting met in July and gave preliminary approval to a work plan for the study and determined that the scope of energy forecasts to be studied would include all energy resources. The next meeting of the Committee is tentatively planned for October.

Committee members hope to participate in the CSG Western Conference that will focus on energy in the West.

RETIREMENT
SYSTEMS AND
INFLATION

The Study Committee on Retirement Systems and Inflation will hold its first meeting on August 6, 1979. The purpose of the meeting will be to elect officers and to establish the direction of the study.

INDIAN
AFFAIRS TO
MEET IN
BILLINGS

The Select Committee on Indian Affairs will hold its second meeting in Billings on August 10, 1979. The Billings meeting will be devoted to discussions with the Montana Inter-Tribal Policy Board.

CONTAINER
DEPOSITS

The Study Committee on Container Deposits held its first meeting in July. The meeting was organizational in nature. The second meeting of the Committee is scheduled for October 6.

REVENUE OVERSIGHT COMMITTEE

ROC SETS
PRIORITIES

The Revenue Oversight Committee held an organizational meeting in July. Senator Bill Thomas was appointed to fill a vacancy on the Committee.

The Committee established a procedure for reviewing rules proposed by the Department of Revenue and approved research plans for its study of HJR 42, SJR 30, and HJR 66. The Committee voted to undertake these studies in this order and to study the following additional topics as time permits: financing of special improvement districts, property tax assessment of motor vehicles, and the current and future reappraisal of real property.

The Committee also reviewed the major legal actions in which the Department is involved and received a report on the implementation of several tax measures passed by the 1979 Legislature.

The Committee will hold its next meeting September 8 at 9:30 a.m. in Room 104, State Capitol. Future meetings have been scheduled for November 10, 1979, and, in 1980, January 12, March 8, May 10, July 12, September 13, and November 15.

ADMINISTRATIVE CODE COMMITTEE

MEETING

The Administrative Code Committee met in Helena on July 27. The Committee discussed solid waste disposal rules as they apply to small counties. County representatives attended the meeting and objected to the rules as being too rigid and impractical. Department of Health and Environmental Sciences representatives defended the rules as necessary to protect the public health and safety.

The Committee also reviewed Issues 11-14 of the 1979 Montana Administrative Register. The Committee decided not to require an economic impact statement from the Department of Community Affairs (administrators for the Board of County Printing), as requested by the Montana Association of Counties. Instead the Committee instructed the staff to write a letter to the DCA and the Board of County Printing requesting that economic data be gathered before noticing future public hearings and before holding the hearing scheduled for August 17.

The next meeting is planned for September.

ENVIRONMENTAL QUALITY COUNCIL

BENTONITE STUDY

HJR 61 mandates the EQC to investigate the benefits and problems associated with the production of bentonite. Correspondence has been mailed to all bentonite firms and environmental groups asking for input and comments on the scope of the study. Interest and response to the letters has been very good. Legislators are encouraged to contribute comments concerning the scope of the study.

COORDINATION OF PERMIT PROCEDURES

The EQC staff is currently analyzing permit coordination of legislation of other states as well as reviewing existing permit requirements of Montana, as mandated by HJR 60. The eventual goal of the resolution is recommendations for coordinating and simplifying permit granting procedures for projects contemplating the use

of the state's natural resources. Industrial, environmental, and legislative groups are encouraged to add input to this investigation as well.

* * * * *

REP. BENNETT Representative W. F. Bennett (R), physician and surgeon from Columbia Falls, died suddenly on July 20. Representative Bennett served in the Senate in 1967-69-71. He was vice chairman of the 1979-80 Study Committee on Branching of Financial Institutions.

If you have not previously done so, please detach and return this portion to Legislative Council, State Capitol, Helena, 59601.

The current status of the regional veterinary school proposed to be located at the University of Nebraska at Lincoln will be discussed. Realistic prospects and options in each of the states will be discussed by the panel.

11:00 - 12:00

CONFERENCE BUSINESS

Resolutions, 1981 Host Selection, Election of Officers, and other business.

12:00

BUFFET LUNCH

Lunch will be served on a flexible schedule to assist delegates with transportation connections.

OTHER ATTRACTIONS

In addition to the meeting agenda, activities planned for spouses will include a tour of the grand old "Original Governor's Mansion," which has been restored in period architecture, and a visit to Montana's present governor's mansion. Helena is a community replete with activities for guests. See Historic Last Chance Gulch restored as a shopping mall, quaint Reeder's Alley with arts and crafts, and the Historical Society Museum with its fine collection of Charles M. Russell paintings. For those who like the outdoors, miles of hiking are available in the Mt. Helena City Park, the largest city park in the Northwest. Pan for gold, dig sapphires, go after a record rainbow trout in the nearby blue ribbon trout stretch of the Missouri River. Come enjoy Helena.
